Your ticket to high-performance computing, the Mushkin Enhanced Silverline memory modules are required by DIYers and system builders - and at an attractive price! Silverline modules are hand-crafted. Crafted Stiletto heatsink disperses heat efficiently and looks great inside your chassis. All the modules operate at optimum frequency, timing, and compatibility with your system. If you're looking for the best in Silverline.

-  **DDR2 667**
The Mushkin Enhanced Silverline 996756 memory is rated at 667MHz with a bandwidth per channel to meet the evolving needs of today's operating systems.
-  **UPGRADE TO HIGH PERFORMANCE!**
The Stiletto heatsink by Mushkin Enhanced allows for an upgrade to better performance. Achieve faster and fresher response, increased stability, and overall more performance by installing modules equipped with Stiletto.
